Block Party Home History Questionnaire

The River Forest Historic Preservation Commission is gathering information for a comprehensive survey of the village and would appreciate any information you might have about your home. It doesn't matter whether you think your home is significant – we are simply trying to compile a more complete source of information about the homes in River Forest. The information will be compiled into a resource for homeowners and historians. Thank you in advance for any information you can provide and please see the village website for more information about the River Forest Historic Preservation Commission. **You are not required to complete this survey, but it would be appreciated.**
